AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 28th day of December, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 5th December, 1904, from the Minister of the Interior, stating that the New Walrond Ranche Company, Limited, are the successors of Sir John Walrond and the Walrond Ranche Company, to whom leases were issued of certain grazing lands in the District of Alberta.

By an Order in Council dated the 22nd of April, 1893, provision was made that leases for grazing purposes of Dominion Lands which did not provide for the withdrawal of lands for settlement purposes would be terminated on and after the 31st day of December, 1896, and that the holders of such leases would then, or at any other time during the interval be permitted to purchase not in excess of ten per cent of their leaseholds at the rate of $1.25 per acre, payable one-tenth down and the balance in nine equal annual instalments, with interest at the rate of 6% per annum upon the unpaid balances.

The Minister further states that under the provisions of this Order in Council The New Walrond Ranche Company were entitled to purchase ten per cent of the area of their leaseholds at the above rate, but application was made for only a portion of the land within the period specified in the Order in Council. Application has since been made by this company for permission to acquire 17,000 acres of land under the provisions of the Order in Council of the 22nd of April, 1893, above referred to, which tract includes certain lands which have been reserved for stock watering purposes. Mr. W. W. Stuart, Inspector of Ranches, has reported that, as the country surrounding these stock watering reserves is for the most part under the control of the New Walrond Ranche Company, the reserves are of no value as such to the general public.

The Minister recommends that he be authorized to sell to the New Walrond Ranche Company the 17,000 acres of land for which they have applied under the terms of the Order in Council of the 22nd of April, 1893, the sale to be antedated to the 31st of December, 1896, and interest on the purchase money at the prescribed rate to be charged from that date to the date of payment ; and that in view of the report made by the Inspector of Ranches, the lands included in the application which are reserved for stock watering purposes, be withdrawn from such reservations and sold to the company at the regulation price of $3.00 an acre, such area to form a portion of the 17,000 acres referred to, but the date of the sale to be that of the Order in Council authorizing the same.

The Committee submit the same for approval.

## AVIS AUX NAVIGATEURS.

No. 129 de 1904.

(*Avis de l'Atlantique No. 74.*)

Tous les relèvements, à moins d'avis contraire, sont magnétiques et sont donnés venant de la mer, les milles sont des milles marins, les hauteurs sont au-dessus des hautes eaux, et toutes les profondeurs sont à l'eau basse moyenne.

### QUÉBEC.

(337) FLEUVE SAINT-LAURENT—CHENAL DES NAVIRES ENTRE QUÉBEC ET MONTRÉAL—ROUTE DE LA POINTE AUX TREMBLES—FEUX SUPÉRIEURS DE L'ALIGNEMENT DE SAINTE-THÉRÈSE—CHANGEMENT DE POSITION—NOUVEAUX BATIMENTS.

Deux nouveaux bâtiments de feux d'alignement ont été construits par le gouvernement du Canada sur le côté nord du chenal des navires du fleuve Saint-Laurent, au large de l'extrémité supérieure de l'île Sainte-Thérèse, pour marquer l'axe du chenal élargi de la Pointe aux Trembles depuis la traverse de l'île aux Vaches jusqu'à la courbe de la Longue Pointe.

Ces deux nouveaux bâtiments remplacent l'ancien feu d'alignement antérieur sur l'île aux Vaches, et l'ancien feu d'alignement postérieur sur la rive sud de l'île Sainte-Thérèse qui marquaient cette route ; mais le chenal ayant été élargi de 150 pieds l'axe du chenal agrandi est parallèle mais à 75 pieds au sud-est de celui marqué par les anciens feux d'alignement.

Les nouveaux feux d'alignement ont été allumés le 15 de novembre 1904, et les anciens feux ont été supprimés. Les vieux bâtiments ont été démolis.

Le nouveau bâtiment antérieur repose sur la rive sud de l'île aux Vaches, à 75 pieds S. 53° 30′ E. de l'ancien. La fondation consiste d'une pile en béton 18 pieds de haut, taillée en pointe en amont. Il est surmonté d'une lanterne octogone en bois, peinturée en blanc, 17 pieds de hauteur de la base au ventilateur sur la lanterne.

Le feu qui est blanc fixe catoptrique comme auparavant, est à 32 pieds au-dessus du niveau d'été du fleuve, et devrait être visible à 4 milles dans l'alignement.

Lat. N. 45° 39′ 56″
Long. O. 73 28 8

La tour postérieure repose sur la rive sud de l'île Sainte-Thérèse, à 75 pieds S. 53° 30′ E. de l'emplacement de la vieille tour, et 5,030 pieds N. 36° 30′ E. du feu antérieur. C'est un bâtiment carré avec côtés en pente, composé d'une charpente en acier avec les lames en bois sur la partie supérieure du côté regardant l'alignement, surmonté d'une guérite en bois et une lanterne carrée en bois.

La charpente d'acier est peinturé en rouge, et la boiserie, y compris les lattes, en blanc.

Le bâtiment a 71 pieds de hauteur depuis la pile jusqu'au ventilateur sur la lanterne. Il repose sur une pile en béton émergeant de 20 pieds au-dessus du niveau d'été du fleuve.

Le feu, qui est semblable à celui montré de la tour antérieure, est à 84 pieds au-dessus de l'eau. Les deux feux en conjonction en arrière conduisent dans une direction S. 36° 30° O. de la traverse de l'île aux Vaches à la courbe de la Longue Pointe.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 28th day of December, 1904.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 5th December, 1904, from the Minister of the Interior, stating that the New Walrond Ranche Company, Limited, are the successors of Sir John Walrond and the Walrond Ranche Company, to whom leases were issued of certain grazing lands in the District of Alberta.

By an Order in Council dated the 22nd of April, 1893, provision was made that leases for grazing purposes of Dominion Lands which did not provide for the withdrawal of lands for settlement purposes would be terminated on and after the 31st day of December, 1896, and that the holders of such leases would then, or at any other time during the interval be permitted to purchase not in excess of ten per cent of their leaseholds at the rate of $1.25 per acre, payable one-tenth down and the balance in nine equal annual instalments, with interest at the rate of 6% per annum upon the unpaid balances.

The Minister further states that under the provisions of this Order in Council The New Walrond Ranche Company were entitled to purchase ten per cent of the area of their leaseholds at the above rate, but

application was made for only a portion of the land within the period specified in the Order in Council. Application has since been made by this company for permission to acquire 17,000 acres of land under the provisions of the Order in Council of the 22nd of April, 1893, above referred to, which tract includes certain lands which have been reserved for stock watering purposes. Mr. W. W. Stuart, Inspector of Ranches, has reported that, as the country surrounding these stock watering reserves is for the most part under the control of the New Walrond Ranche Company, the reserves are of no value as such to the general public.

The Minister recommends that he be authorized to sell to the New Walrond Ranche Company the 17,000 acres of land for which they have applied under the terms of the Order in Council of the 22nd of April, 1893, the sale to be antedated to the 31st of December, 1896, and interest on the purchase money at the prescribed rate to be charged from that date to the date of payment; and that in view of the report made by the Inspector of Ranches, the lands included in the application which are reserved for stock watering purposes, be withdrawn from such reservations and sold to the company at the regulation price of $3.00 an acre, such area to form a portion of the 17,000 acres referred to, but the date of the sale to be that of the Order in Council authorizing the same.

The Committee submit the same for approval.

JOHN J. McGEE,
30-4 Clerk of the Privy Council.

### MINISTERE DES POSTES, CANADA.

OTTAWA, 14 février 1905.

### CELLULOIDE TRANSMIS PAR LA POSTE.

LE directeur général des Postes ayant eu à étudier la nature explosive et enflammable des articles en celluloïde dans certaines conditions, et des cas étant survenus qui portent à croire que des matières postales ont été endommagées par des articles semblables, il a été décidé qu'à l'avenir ces articles ne seront transmis par la poste que s'ils sont empaquetés dans des boîtes de ferblanc avec un couvercle bien ajusté.

A ces causes, avis est donné qu'en ce qui concerne les matières postales le celluloïde est réputé être d'une nature explosive, et la transmission par la poste de ces articles, sauf tel que prescrit, est défendue, et rend l'envoyeur passible de poursuite sous l'empire de l'article de l'*Acte des postes* qui concerne l'envoi d'explosifs, allumettes, etc., par la poste.

WILLIAM MULOCK,
34–2 Directeur général des Postes.

### HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 15e jour de février 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général d'établir les règlements suivants pour l'administration des terres à pâturage au Manitoba et dans les territoires du Nord-Ouest, et ils sont par le présent faits et adoptés en conséquence :

Art. 1. Les baux de terres à pâturage au Manitoba et dans les territoires du Nord-Ouest seront pour une période d'au plus vingt-un ans, et nul bail ne sera pour plus de 100,000 acres.

Art. 3. Dans un territoire arpenté le terrain couvert par le bail sera décrit par townships et sections : Dans un territoire non arpenté, si le ministre de l'Intérieur l'exige, l'individu auquel le bail aura été promis, devra, avant que le bail soit délivré, faire faire à ses frais un arpentage du territoire par un arpen-

teur fédéral d'après les instructions de l'Arpenteur général, et les plan et carnets de campagne de cet arpentage seront déposés au ministère de l'Intérieur.

Art. 3 (*a*) Le locataire paiera une rente annuelle au taux de deux centins pour chaque acre couvert par son bail, et durant chacune des trois années qui suivront la date du bail il mettra sur le terrain affermé au moins un tiers de tout le nombre d'animaux qui doit être placé sur le dit terrain, savoir, une tête de bétail ou cinq têtes de moutons pour chaque vingt acres de terre couverts par le bail, mais ce nombre ne devra pas être excédé, et durant le restant du terme il devra y garder des animaux dans la même proportion, à moins que le ministre de l'Intérieur n'en décide autrement ;

(*b*) et il devra, lorsque le ministre de l'Intérieur l'exigera fournir des états du nombre d'animaux possédés par lui.

Art. 4. Après avoir mis le nombre voulu d'animaux ou de moutons sur le terrain affermé, le locataire pourra acheter une étendue raisonnable de terre dans les limites de son bail pour en faire une ferme et un corral, mais ce terrain ne devra pas excéder dix pour cent de l'étendue totale du bail.

Art. 5 (*a*) La totalité ou une partie des terres qui seront affermées, sauf si le bail contient une disposition contraire, sera ouverte aux inscriptions de homestead et de préemption, ou pourra être achetée du gouvernement au prix établi pour cette catégorie de terres, en en faisant la demande, et à mesure que les inscriptions sont accordées ou les achats effectués, le bail deviendra nul à l'égard du terrain ainsi inscrit ou acheté.

(*b*) Le ministre de l'Intérieur pourra, toutefois, au reçu d'une demande pour un bail de terre à pâturage de terres déclarées impropres à la culture, retirer les terres couvertes par le bail des inscriptions de homestead ou de vente en attendant qu'elles soient inspectées, et aussitôt qu'il sera convaincu qu'une partie ou la totalité des terres comprises dans la demande ne sont pas propres à la culture, il pourra louer ces terres et les retirer des inscriptions de homestead ou de la vente tant que durera le bail.

Art. 6. Un locataire de terres à pâturage n'aura pas la permission de prendre un homestead dans les limites d'un territoire affermé à un autre pour des fins de pâturage.

Art. 7. Le défaut de remplir aucune des conditions de son bail expose le locataire à se le voir confisqué.

Art. 8. Nulle personne ne sera libre de mettre des moutons sur les terres fédérales au Manitoba et dans les territoires du Nord-Ouest sauf sur les terres qui sont déjà ou seront plus tard spécialement réservées pour cette fin par le ministre de l'Intérieur.

## MINISTERE DES POSTES, CANADA.

OTTAWA, 14 février 1905.

## CELLULOIDE TRANSMIS PAR LA POSTE.

LE directeur général des Postes ayant eu à étudier la nature explosive et enflammable des articles en celluloïde dans certaines conditions, et des cas étant survenus qui portent à croire que des matières postales ont été endommagées par des articles semblables, il a été décidé qu'à l'avenir ces articles ne seront transmis par la poste que s'ils sont empaquetés dans des boîtes de ferblanc avec un couvercle bien ajusté.

A ces causes, avis est donné qu'en ce qui concerne les matières postales le celluloïde est réputé être d'une nature explosive, et la transmission par la poste de ces articles, sauf tel que prescrit, est défendue, et rend l'envoyeur passible de poursuite sous l'empire de l'article de l'*Acte des postes* qui concerne l'envoi d'explosifs, allumettes, etc., par la poste.

## ORDERS IN COUNCIL.

[Ref. 479,808.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 20th day of January, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHERAS by section 47 of The Dominion Lands Act as enacted by section 5 of chapter 15 of 55-56 Victoria, it is provided that the Governor General in Council may from time to time make regulations for the working and development of mines on

lands within the Rocky Mountains Park of Canada, and for the sale, leasing and licensing, or other disposal thereof: Provided, however, that no disposal of mines or mining interests in the said park shall be for a longer period than twenty years, renewable in the discretion of the Governor in Council for a further period of twenty years each, and not exceeding in all sixty years;

And whereas applications have been made to the Department of the Interior for leases for stone quarrying purposes of tracts of land situated within the limits of the Rocky Mountains Park, and the Superintendent of the park has reported that the operation of stone quarries on the land for which applications have been made would not be objectionable and would not conflict or interfere with the improvements already made or those which are likely to be carried on within the park;

And whereas it would appear to be advisable in the public interest to grant leases for stone quarrying purposes of such lands within the park as may not be in close proximity to any permanent improvements,—

Therefore the Governor General in Council is pleased to authorize and doth hereby authorize the Minister of the Interior to grant leases of such lands upon the following terms and conditions:—

1. Leases for stone quarrying purposes of lands within the Rocky Mountains Park of Canada may be issued by the Minister of the Interior.

2. The duration of such leases shall be twenty years unless sooner terminated by the consent of the Crown and the lessee or cancelled for non-fulfilment of the conditions, and such leases shall be renewable in the discretion of the Governor General in Council for further periods of twenty years each, and not exceeding in all sixty years, on such terms and conditions as may at the time of renewal be agreed upon by the Government and the lessee.

3. The ground rent shall be twenty-five cents an acre per annum, payable half-yearly in advance.

4. A royalty of five per cent on the sales shall be levied and collected upon the gross output of the quarry. Returns under oath shall be made quarterly to the Minister of the Interior by the lessee, showing the quantity of stone taken out and disposed of, or the quantity of lime manufactured therefrom and sold, together with the total amount obtained therefrom, and the royalty shall be paid at the time of making such returns.

5. Any attempt to defraud the Crown by withholding any part of the revenue thus provided for shall be punished by the cancellation of the lease, and action will be taken to recover the amount due to the Crown.

6. The area to be leased to one person shall not be less than forty acres and shall not exceed six hundred and forty acres, and the lessee shall not make any transfer or assignment of his lease without the consent in writing of the Minister of the Interior.

7. The boundaries beneath the surface of a location shall be the vertical planes or lines in which their surface boundaries lie.

8. The lease shall be subject to the general regulations for the control and management of the Rocky Mountains Park of Canada dated 30th June, 1890, and to such further and other regulations as have since been made or which may hereafter be made from time to time in that behalf by the Governor General in Council.

9. The lease shall be in such form, and shall contain such conditions not inconsistent with the above provisions, as may be approved by the Minister of the Interior.

JOHN J. McGEE,
Clerk of the Privy Council.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

The Governor General in Council is pleased to make the following Regulations for the administration of Grazing Lands in Manitoba and the North-west Territories, and the same are hereby made and adopted accordingly:—

Sec. 1. Leases of Grazing Lands in Manitoba and the North-west Territories shall be for a period of not exceeding twenty-one years and no single lease shall cover a greater area than 100,000 acres.

Sec. 3. In surveyed territory the land embraced by the lease shall be described in townships and sections. In unsurveyed territory, if required by the Minister of the Interior, the party to whom the lease may be promised shall, before the issue of the lease, cause a survey of the tract to be made at his own expense by a Dominion Land Surveyor under instructions from the Surveyor General, and the plan and field notes of such survey shall be deposited on record in the Department of the Interior.

Sec. 3. (*a*) The lessee shall pay an annual rental at the rate of two cents for every acre covered by his lease, and shall within each of the three years from the date of the lease place upon the tract of land leased not less than one third of the whole number of the stock which is required to be placed upon the said tract, namely, one head of cattle or five head of sheep for every twenty acres of land covered by the lease, but not to exceed that number, and shall, during the rest of its term maintain cattle thereon in that proportion, unless otherwise determined by the Minister of the Interior;

(*b*) and he shall, when required by the Minister of the Interior, furnish returns of the number of stock owned by him.

Sec. 4. After placing the prescribed number of cattle or sheep upon the tract leased, the lessee may purchase a reasonable area of land within his leasehold for a home farm and corral, but not to exceed ten per cent of the total area of the leasehold.

Sec. 5. (*a*) The whole or any part of any lands authorized to be leased, unless otherwise provided in any lease thereof, shall be open to homestead and preemption entry or to be purchased from the Government at the price obtaining in the class in which the lands are situate, upon application being made therefor, and as entries are granted or purchases effected, the lease shall become void in respect of the land so entered or purchased

(*b*) The Minister of the Interior may, however, upon the receipt of an application for a lease for grazing purposes of lands claimed to be unfit for agricultural purposes, withdraw the lands covered thereby from homestead entry or sale pending an inspection thereof, and on being satisfied that any or all of the lands included in the application are not fit for agricultural purposes, he may lease such lands and withdraw the same, from homestead entry or sale during the term of the lease.

Sec. 6. A lessee of grazing lands shall not be permitted to homestead lands within any tract leased to another for grazing purposes.

Sec. 7. Failure to fulfil any of the conditions of his lease shall subject the lessee to forfeiture thereof.

Sec. 8. No person shall be allowed to place sheep on Dominion Lands in Manitoba and the North-west Territories except in such tracts as have already been or may at any future time be specially set apart for that purpose by the Minister of the Interior.

Sec. 9. The lease shall be in such form as is determined by the Minister of the Interior in accordance with these regulations.

JOHN J. McGEE,
Clerk of the Privy Council.

## ARRÊTÉS EN CONSEIL.

### HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 15e jour de février 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général d'établir les règlements suivants pour l'administration des terres à pâturage au Manitoba et dans les territoires du Nord-Ouest, et ils sont par le présent faits et adoptés en conséquence :

Art. 1. Les baux de terres à pâturage au Manitoba et dans les territoires du Nord-Ouest seront pour une période d'au plus vingt-un ans, et nul bail ne sera pour plus de 100,000 acres.

Art. 3. Dans un territoire arpenté le terrain couvert par le bail sera décrit par townships et sections : Dans un territoire non arpenté, si le ministre de l'Intérieur l'exige, l'individu auquel le bail aura été promis, devra, avant que le bail soit délivré, faire faire à ses frais un arpentage du territoire par un arpen-

teur fédéral d'après les instructions de l'Arpenteur général, et les plan et carnets de campagne de cet arpentage seront déposés au ministère de l'Intérieur.

Art. 3 (*a*) Le locataire paiera une rente annuelle au taux de deux centins pour chaque acre couvert par son bail, et durant chacune des trois années qui suivront la date du bail il mettra sur le terrain affermé au moins un tiers de tout le nombre d'animaux qui doit être placé sur le dit terrain, savoir, une tête de bétail ou cinq têtes de moutons pour chaque vingt acres de terre couverts par le bail, mais ce nombre ne devra pas être excédé, et durant le restant du terme il devra y garder des animaux dans la même proportion, à moins que le ministre de l'Intérieur n'en décide autrement ;

(*b*) et il devra, lorsque le ministre de l'Intérieur l'exigera fournir des états du nombre d'animaux possédés par lui

Art. 4. Après avoir mis le nombre voulu d'animaux ou de moutons sur le terrain affermé, le locataire pourra acheter une étendue raisonnable de terre dans les limites de son bail pour en faire une ferme et un corral, mais ce terrain ne devra pas excéder dix pour cent de l'étendue totale du bail.

Art. 5 (*a*) La totalité ou une partie des terres qui seront affermées, sauf si le bail contient une disposition contraire, sera ouverte aux inscriptions de homestead et de préemption, ou pourra être achetée du gouvernement au prix établi pour cette catégorie de terres, en en faisant la demande, et à mesure que les inscriptions sont accordées ou les achats effectués, le bail deviendra nul à l'égard du terrain ainsi inscrit ou acheté.

(*b*) Le ministre de l'Intérieur pourra, toutefois, au reçu d'une demande pour un bail de terre à pâturage de terres déclarées impropres à la culture, retirer les terres couvertes par le bail des inscriptions de homestead ou de vente en attendant qu'elles soient inspectées, et aussitôt qu'il sera convaincu qu'une partie ou la totalité des terres comprises dans la demande ne sont pas propres à la culture, il pourra louer ces terres et les retirer des inscriptions de homestead ou de la vente tant que durera le bail.

Art. 6. Un locataire de terres à pâturage n'aura pas la permission de prendre un homestead dans les limites d'un territoire affermé à un autre pour des fins de pâturage.

Art. 7. Le défaut de remplir aucune des conditions de son bail expose le locataire à se le voir confisqué.

Art. 8. Nulle personne ne sera libre de mettre des moutons sur les terres fédérales au Manitoba et dans les territoires du Nord-Ouest sauf sur les terres qui sont déjà ou seront plus tard spécialement réservées pour cette fin par le ministre de l'Intérieur.

Art. 9. Le bail sera en la forme que fixera le ministre de l'Intérieur conformément aux présents règlements.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 13th day of January, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 3rd January, 1905, from the Minister of the Interior, stating that notice has been received from the Department of Indian Affairs that a certain parcel of land situated in Township Five, Range twenty-seven, west of the Sixth Meridian, in the Province of British Columbia, is required for the use of the Indians of that Province and is described and known as the Cha-With-En Indian Reserve, containing by admeasurement fourteen hundred and seven acres, more or less, as shown on the plan of the said Township, approved and confirmed on the 15th day of April 1904, by Edouard Deville, Surveyor General of Dominion Lands and of record in the Department of the Interior under number ten thousand one hundred and ninety-four (10,194).

The Minister recommends that under the provisions of subsection A of section 38, of the regulations for the survey, administration, disposal and management of Dominion lands within the Forty Mile Railway Belt, in the Province of British Columbia, the said parcel of land be withdrawn from the operation of these regulations subject to existing rights as defined or agreed under the same, and be placed under the administration of the Department of Indian Affairs.

The Committee submit the same for approval.

[Ref. 479,808.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 20th day of January, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHERAS by section 47 of The Dominion Lands Act as enacted by section 5 of chapter 15 of 55-56 Victoria, it is provided that the Governor General in Council may from time to time make regulations for the working and development of mines on lands within the Rocky Mountains Park of Canada, and for the sale, leasing and licensing, or other disposal thereof: Provided, however, that no disposal of mines or mining interests in the said park shall be for a longer period than twenty years, renewable in the discretion of the Governor in Council for a further period of twenty years each, and not exceeding in all sixty years;

And whereas applications have been made to the Department of the Interior for leases for stone quarrying purposes of tracts of land situated within the limits of the Rocky Mountains Park, and the Superintendent of the park has reported that the operation of stone quarries on the land for which applications have been made would not be objectionable and would not conflict or interfere with the improvements already made or those which are likely to be carried on within the park;

And whereas it would appear to be advisable in the public interest to grant leases for stone quarrying purposes of such lands within the park as may not be in close proximity to any permanent improvements,—

Therefore the Governor General in Council is pleased to authorize and doth hereby authorize the Minister of the Interior to grant leases of such lands upon the following terms and conditions:—

1. Leases for stone quarrying purposes of lands within the Rocky Mountains Park of Canada may be issued by the Minister of the Interior.

2. The duration of such leases shall be twenty years unless sooner terminated by the consent of the Crown and the lessee or cancelled for non-fulfilment of the conditions, and such leases shall be renewable in the discretion of the Governor General in Council for further periods of twenty years each, and not exceeding in all sixty years, on such terms and conditions as may at the time of renewal be agreed upon by the Government and the lessee.

3. The ground rent shall be twenty-five cents an acre per annum, payable half-yearly in advance.

4. A royalty of five per cent on the sales shall be levied and collected upon the gross output of the quarry. Returns under oath shall be made quarterly to the Minister of the Interior by the lessee, showing the quantity of stone taken out and disposed of, or the quantity of lime manufactured therefrom and sold, together with the total amount obtained therefrom, and the royalty shall be paid at the time of making such returns.

5. Any attempt to defraud the Crown by withholding any part of the revenue thus provided for shall be punished by the cancellation of the lease, and action will be taken to recover the amount due to the Crown.

6. The area to be leased to one person shall not be less than forty acres and shall not exceed six hundred and forty acres, and the lessee shall not make any transfer or assignment of his lease without the consent in writing of the Minister of the Interior.

7. The boundaries beneath the surface of a location shall be the vertical planes or lines in which their surface boundaries lie.

8. The lease shall be subject to the general regulations for the control and management of the Rocky Mountains Park of Canada dated 30th June, 1890, and to such further and other regulations as have since been made or which may hereafter be made from time to time in that behalf by the Governor General in Council.

9. The lease shall be in such form, and shall contain such conditions not inconsistent with the above provisions, as may be approved by the Minister of the Interior.

JOHN J. McGEE,
36 4 Clerk of the Privy Council.

---

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 15th day of February, 1905.

In unsurveyed territory, if required by the Minister of the Interior, the party to whom the lease may be promised shall, before the issue of the lease, cause a survey of the tract to be made at his own expense by a Dominion Land Surveyor under instructions from the Surveyor General, and the plan and field notes of such survey shall be deposited on record in the Department of the Interior.

Sec. 3. (*a*) The lessee shall pay an annual rental at the rate of two cents for every acre covered by his lease, and shall within each of the three years from the date of the lease place upon the tract of land leased not less than one third of the whole number of the stock which is required to be placed upon the said tract, namely, one head of cattle or five head of sheep for every twenty acres of land covered by the lease, but not to exceed that number, and shall, during the rest of its term maintain cattle thereon in that proportion, unless otherwise determined by the Minister of the Interior ;

(*b*) and he shall, when required by the Minister of the Interior, furnish returns of the number of stock owned by him.

Sec. 4. After placing the prescribed number of cattle or sheep upon the tract leased, the lessee may purchase a reasonable area of land within his leasehold for a home farm and corral, but not to exceed ten per cent of the total area of the leasehold.

Sec. 5. (*a*) The whole or any part of any lands authorized to be leased, unless otherwise provided in any lease thereof, shall be open to homestead and pre-emption entry or to be purchased from the Government at the price obtaining in the class in which the lands are situate, upon application being made therefor, and as entries are granted or purchases effected, the lease shall become void in respect of the land so entered or purchased

(*b*) The Minister of the Interior may, however, upon the receipt of an application for a lease for grazing purposes of lands claimed to be unfit for agricultural purposes, withdraw the lands covered thereby from homestead entry or sale pending an inspection thereof, and on being satisfied that any or all of the lands included in the application are not fit for agricultural purposes, he may lease such lands and withdraw the same, from homestead entry or sale during the term of the lease.

Sec. 6. A lessee of grazing lands shall not be permitted to homestead lands within any tract leased to another for grazing purposes.

Sec. 7. Failure to fulfil any of the conditions of his lease shall subject the lessee to forfeiture thereof.

Sec. 8. No person shall be allowed to place sheep on Dominion Lands in Manitoba and the North-west Territories except in such tracts as have already been or may at any future time be specially set apart for that purpose by the Minister of the Interior.

Sec. 9. The lease shall be in such form as is determined by the Minister of the Interior in accordance with these regulations.

JOHN J. McGEE,
34-4 Clerk of the Privy Council.

### HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 15e jour de février 1905.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît au Gouverneur général d'établir les règlements suivants pour l'administration des terres à pâturage au Manitoba et dans les territoires du Nord-Ouest, et ils sont par le présent faits et adoptés en conséquence :

Art. 1. Les baux de terres à pâturage au Manitoba et dans les territoires du Nord-Ouest seront pour une période d'au plus vingt-un ans, et nul bail ne sera pour plus de 100,000 acres.

Art. 3. Dans un territoire arpenté le terrain couvert par le bail sera décrit par townships et sections : Dans un territoire non arpenté, si le ministre de l'Intérieur l'exige, l'individu auquel le bail aura été promis, devra, avant que le bail soit délivré, faire faire à ses frais un arpentage du territoire par un arpenteur fédéral d'après les instructions de l'Arpenteur général, et les plan et carnets de campagne de cet arpentage seront déposés au ministère de l'Intérieur.

Art. 3 (*a*) Le locataire paiera une rente annuelle au taux de deux centins pour chaque acre couvert par son bail, et durant chacune des trois années qui suivront la date du bail il mettra sur le terrain affermé au moins un tiers de tout le nombre d'animaux qui doit être placé sur le dit terrain, savoir, une tête de bétail ou cinq têtes de moutons pour chaque vingt acres de terre couverts par le bail, mais ce nombre ne devra pas être excédé, et durant le restant du terme il devra y garder des animaux dans la même proportion, à moins que le ministre de l'Intérieur n'en décide autrement ;

(*b*) et il devra, lorsque le ministre de l'Intérieur l'exigera fournir des états du nombre d'animaux possédés par lui

Art. 4. Après avoir mis le nombre voulu d'animaux ou de moutons sur le terrain affermé, le locataire pourra acheter une étendue raisonnable de terre dans les limites de son bail pour en faire une ferme et un corral, mais ce terrain ne devra pas excéder dix pour cent de l'étendue totale du bail.

Art. 5 (*a*) La totalité ou une partie des terres qui seront affermées, sauf si le bail contient une disposition contraire, sera ouverte aux inscriptions de homestead et de préemption, ou pourra être achetée du gouvernement au prix établi pour cette catégorie de terres, en en faisant la demande, et à mesure que les inscriptions sont accordées ou les achats effectués, le bail deviendra nul à l'égard du terrain ainsi inscrit ou acheté.

(*b*) Le ministre de l'Intérieur pourra, toutefois, au reçu d'une demande pour un bail de terre à pâturage de terres déclarées impropres à la culture, retirer les terres couvertes par le bail des inscriptions de homestead ou de vente en attendant qu'elles soient inspectées, et aussitôt qu'il sera convaincu qu'une partie ou la totalité des terres comprises dans la demande ne sont pas propres à la culture, il pourra louer ces terres et les retirer des inscriptions de homestead ou de la vente tant que durera le bail.

Art. 6. Un locataire de terres à pâturage n'aura pas la permission de prendre un homestead dans les limites d'un territoire affermé à un autre pour des fins de pâturage.

Art. 7. Le défaut de remplir aucune des conditions de son bail expose le locataire à se le voir confisqué.

Art. 8. Nulle personne ne sera libre de mettre des moutons sur les terres fédérales au Manitoba et dans les territoires du Nord-Ouest sauf sur les terres qui sont déjà ou seront plus tard spécialement réservées pour cette fin par le ministre de l'Intérieur.

Art. 9. Le bail sera en la forme que fixera le ministre de l'Intérieur conformément aux présents règlements.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 28th day of February, 1905.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum dated 23rd December, 1904, from the Minister of the Interior, stating that by an Order in Council of the 26th of April, 1904, authority was given to permit Captain Henry Havelock Norwood to construct a reservoir on Bonanza Creek in the Yukon Territory, and to store, divert, distribute and dispose of 3,000 miners' inches of the unentered and unappropriated waters of that stream, for a period of twenty-five years, for use in connection with mining operations.

The Minister further states that No. 2 of the terms and conditions under which the permission referred to was granted reads as follows :—

"That before the construction of the dam be com-
"menced the applicant shall secure the ownership of
"all claims in good standing, the operations on which
"would be interfered with by reason of the construc-
"tion of the dam and the storing of the water."

That from representations made to the Department of the Interior it would appear to be advisable to grant some relaxation in the terms of this condition.

The Minister therefore recommends that the above section of the Order in Council of the 26th April, 1904, be rescinded and that the following be substituted therefor :—

"2. That before the applicant shall be permitted to
"enter upon or occupy any mining claim in good
"standing, and before he shall be permitted to inter-
"fere with or damage any such claim by reason of the
"construction of the dam or the storing of the water,
"he shall first be required to secure the ownership of
"such claim."

The Minister submits that section 3 of the terms and conditions under which the grant to Captain Norwood was made also provides that the applicant shall, within one year from the 26th April, 1904, furnish proof through and by the Government Mining Engineer, to the satisfaction of the Minister of the Interior, that he has expended not less than $5,000 in the actual construction of the works necessary for the storage of water.

That Captain Norwood represents that he has recently expended about $35,000 in the construction of a ditch along the right limit of Bonanza Creek, for the conveyance of water from that stream at claim No. 57 above Discovery, and the Government Mining Engineer to whom the matter was submitted, confirmed the statement made by Captain Norwood as to the expenditure incurred in this connection.

The Minister recommends, therefore, that provided it can be shown to his satisfaction that the works, in the construction of which the above expenditure or $35,000 was incurred, are a necessary part of the works contemplated in the Order in Council of the 26th of April, 1904, he be authorized to accept the same as compliance with the provisions of section 3 of the

terms and conditions under which the grant to Captain Norwood was made, in respect of expenditure during the first year from the date of such grant, and provided this expenditure is accepted as satisfactory that he be further authorized to permit Captain Norwood to proceed with the diversion of the water granted him by Order in Council dated the 26th of April, 1904, without waiting for the construction of the dam referred to therein.

The Minister represents that by an Order in Council dated the 23rd of July, 1904, authority was given to permit Captain Norwood to construct the dam above referred to at or below the junction of Carmack's Fork with Bonanza Creek, provided, however, that no portion of the dam or reservoir shall be located or created below the lower limit of Claim No. 57 above Discovery on Bonanza Creek.

That between claims numbered 56 and 57 above Discovery there is a small fractional claim, known as No. 56 A., owned by the applicant, upon which he desires to construct a portion of the dam referred to.

The Minister recommends therefore that the Order in Council of the 23rd of July last above referred to, be amended, so as to provide that no portion of the dam or reservoir shall be located or created below the upper limit of Claim No. 56 above Discovery on Bonanza Creek.

The Committee submit the same for approval.

38-4 Clerk of the Privy Council.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 6th day of January, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS by an Order in Council dated 2nd March, 1887, Sections 17, 18, 19 and 20 in Township 4, Range 3, west of the 3rd Meridian were reserved from sale and settlement and from the operation of grazing leases for the purposes of the Royal North-west Mounted Police;

And whereas the Comptroller of the Royal North-west Mounted Police now intimates that the said Sections 17, 18, and 19 and the South-west ¼ of the said Section 20, Township 4, Range 3, west of the 3rd Meridian are no longer required for the purposes mentioned,—

Therefore the Governor General in Council is pleased to order that the said Order in Council of the 2nd March, 1887, shall be and the same is hereby rescinded in so far as it relates to these lands, and that they be withdrawn from the reservation, leaving in possession of the Police the North ½ and the South-east ¼ of Section 20, Township 4, Range 3, west of the 3rd Meridian.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 6th day of January, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS the Comptroller of the North-west Mounted Police has made application for the reservation for Police purposes of the South-east ¼ of Section 9, Township 8, Range 5, west 5th Meridian in the Provisional District of Alberta, North-west Territories, on which buildings were erected and used from time to time as the requirements of the Force demanded;

And whereas these buildings were recently destroyed by fire, but the Comptroller of the Force represents the desirability of continuing for the present the said South-east ¼ of Section 9 for Police Reserve, it being near the boundary line between the North-west Territories and British Columbia on the Crows Nest Railway.

Therefore the Governor General is pleased to order that the above mentioned quarter-section be reserved, and the land withdrawn from sale and settlement and set aside for Police purposes.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 13th day of January, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Report dated 3rd January, 1905, from the Minister of the Interior, stating that notice has been received from the Department of Indian Affairs that a certain parcel of land situated in Township Five, Range twenty-seven, west of the Sixth Meridian, in the Province of British Columbia, is required for the use of the Indians of that Province and is described and known as the Cha-With-En Indian Reserve, containing by admeasurement fourteen hundred and seven acres, more or less, as shown on the plan of the said Township, approved and confirmed on the 15th day of April 1904, by Edouard Deville, Surveyor General of Dominion Lands and of record in the Department of the Interior under number ten thousand one hundred and ninety-four (10,194).

The Minister recommends that under the provisions of subsection A of section 38, of the regulations for the survey, administration, disposal and management of Dominion lands within the Forty Mile Railway Belt, in the Province of British Columbia, the said parcel of land be withdrawn from the operation of these regulations subject to existing rights as defined or agreed under the same, and be placed under the administration of the Department of Indian Affairs.

The Committee submit the same for approval.

[Ref. 479,808.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 20th day of January, 1905.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHERAS by section 47 of The Dominion Lands Act as enacted by section 5 of chapter 15 of 55-56 Victoria, it is provided that the Governor General in Council may from time to time make regulations for the working and development of mines on lands within the Rocky Mountains Park of Canada, and for the sale, leasing and licensing, or other disposal thereof: Provided, however, that no disposal of mines or mining interests in the said park shall be for a

longer period than twenty years, renewable in the discretion of the Governor in Council for a further period of twenty years each, and not exceeding in all sixty years ;

And whereas applications have been made to the Department of the Interior for leases for stone quarrying purposes of tracts of land situated within the limits of the Rocky Mountains Park, and the Superintendent of the park has reported that the operation of stone quarries on the land for which applications have been made would not be objectionable and would not conflict or interfere with the improvements already made or those which are likely to be carried on within the park ;

And whereas it would appear to be advisable in the public interest to grant leases for stone quarrying purposes of such lands within the park as may not be in close proximity to any permanent improvements,—

Therefore the Governor General in Council is pleased to authorize and doth hereby authorize the Minister of the Interior to grant leases of such lands upon the following terms and conditions :—

1. Leases for stone quarrying purposes of lands within the Rocky Mountains Park of Canada may be issued by the Minister of the Interior.

2. The duration of such leases shall be twenty years unless sooner terminated by the consent of the Crown and the lessee or cancelled for non-fulfilment of the conditions, and such leases shall be renewable in the discretion of the Governor General in Council for further periods of twenty years each, and not exceeding in all sixty years, on such terms and conditions as may at the time of renewal be agreed upon by the Government and the lessee.

3. The ground rent shall be twenty-five cents an acre per annum, payable half-yearly in advance.

4. A royalty of five per cent on the sales shall be levied and collected upon the gross output of the quarry. Returns under oath shall be made quarterly to the Minister of the Interior by the lessee, showing the quantity of stone taken out and disposed of, or the quantity of lime manufactured therefrom and sold, together with the total amount obtained therefrom, and the royalty shall be paid at the time of making such returns.

5. Any attempt to defraud the Crown by withholding any part of the revenue thus provided for shall be punished by the cancellation of the lease, and action will be taken to recover the amount due to the Crown.

6. The area to be leased to one person shall not be less than forty acres and shall not exceed six hundred and forty acres, and the lessee shall not make any transfer or assignment of his lease without the consent in writing of the Minister of the Interior.

7. The boundaries beneath the surface of a location shall be the vertical planes or lines in which their surface boundaries lie.

8. The lease shall be subject to the general regulations for the control and management of the Rocky Mountains Park of Canada dated 30th June, 1890, and to such further and other regulations as have since been made or which may hereafter be made from time to time in that behalf by the Governor General in Council.

9. The lease shall be in such form, and shall contain such conditions not inconsistent with the above provisions, as may be approved by the Minister of the Interior.

JOHN J. McGEE,
36 4 Clerk of the Privy Council.
